

**Extended Care Facilities ... Utilize our third-party services for non-certified stays!**

**Enteral Nutrition:**

The Plus Bag is the answer for your facility. Save nursing time with our packaging method. We carry all pumps, formula, plastics, syringes and tubes. We can match your contracts and maintain consistence for your staff regardless of funding source. Additionally, we have dieticians on staff should patient follow-up with your dieticians and/or physicians be requested.

**Daily g-tube dressing change included if desired!**

**Ostomy Supplies:**

We carry all the name brands including Convatec & Hollister. Open or closed pouch, flanges, barriers and deodorants may be obtained at no cost to you through the individuals Medicare Part B benefits.

**All products resident specific!**

**Respiratory Supplies:**

With ten respiratory therapists on staff, we offer every piece of equipment and supplies that the highest acuity individual may require including ventilators.

**Tracheostomy supply cost can add up!**

**Surgical Dressings:**

Our Plus-Pack wound care program offers brand products covered under Medicare's Surgical Dressing Policy. We can ship the individual the same brands that are on your facility's protocols and contracts.

**We will work with you to close those wounds!**

**Urological Supplies:**

Urological supplies are often a forgotten product class by other providers, but not with Provider Plus. Indwelling, intermittent, coude tip, rubber, vinyl, latex we have them. Also, ask about cath-strip versus leg straps for your patients.

**All products resident specific!**
